HREEO champions Justice and Equity by confronting issues of discrimination and providing innovative avenues for accessibility and economic opportunities for all residents and businesses.

Contract Compliance

Contract Compliance ensures that the entire community can participate in the economic life of the City of Saint Paul.

The City of Saint Paul Contract Compliance division of the Human Rights and Equal Economic Opportunity department ensures that the entire community can participate in the economic life of the City. Contract Compliance monitors workforce inclusion goals and business inclusion goals, and also monitors projects for compliance with federal, state and local prevailing wage laws on City and Saint Paul Housing and Redevelopment Authority (HRA) construction projects.

For construction projects, St. Paul sets goals of 32% minority hours and 6% women hours. Beyond Affirmative Action goals, St. Paul's HUD Section 3 program also monitors certain federally-funded projects for low-income new hire goals. Outside of construction projects, the City also monitors workforce utilization for all businesses who have contracts with the City in excess of \$50,000.00.

In addition to workforce goals, St. Paul also sets goals for participation by local small businesses, woman-owned businesses, minority-owned businesses, and Section 3 businesses. The vendor outreach program monitors inclusion for local small, woman-owned, and minority-owned businesses. Section 3 enforces federal regulations requiring inclusion of businesses owned by low-income residents or employing a substantial number of low-income residents.
